

SEI ANTI-STATIC CLEANING TOWELS

Wiping down electronic equipment with SEI Anti-Static Cleaning Towels protects valuable electronic devices from the harmful effects of static electricity. Each towel is pre-moistened with a special formula that neutralizes the effects of static electricity, repelling dust, and keeping surfaces of frequently handled equipment free of germs. This avoids the loss of important data stored on computer equipment such as hard drives. Fewer germs reduces the chance of colds and other common illnesses from spreading in the workplace. SEI Anti-Static Cleaning Towels can be safely used on various electronic equipment including:

Computers, Keyboards, Laptops, Fax Machines, Copiers, Printers
Modems, External Drives, Phones

Features and Benefits:

- Special formula eliminates static to protect the loss of data
- Eliminating static keeps dust from collecting on equipment
- Towels help avoid the spread of illnesses in the workplace by removing germs from frequently handled devices
- Towels can be used on almost any electronic equipment
- Simply tear a towel from canister and wipe down devices
